

GRANITE WEEKENDER 2024

'GRANITE GROMS' - JUNIOR SPLASH & DASH EVENTS

CHILDREN UNDER 14:

The organisers of this event (Try A Tri Community LBG and Guernsey Triathlon Club) care about creating fun and inclusive opportunities for people to try something new. We work hard to make sure routes and activities are safe, well marked and marshalled where needed. However, as with any sporting event, there are risks involved for children and young people.

In signing up to this event you agree to remain responsible for your child for the duration of the event, and understand that marshals and volunteers are there only to ensure the safety of participants during swim and run activities.

As part of our Safeguarding Policies, event directors reserve the right to remove participants from the event should they observe behaviours that are not in line with the spirit and ethos of our event.

In signing up to this event you accept that you are aware of the risks involved with swimming and running and understand that your child must already be able to complete the distances required within each discipline for their age group.

You agree that you know of no health conditions that will impact on your child's ability to complete the event safely and without causing harm to themselves or others. If you do know of any conditions, you agree that you have sought advice and permission from the child's Doctor to complete this event.

You accept that Try A Tri Community LBG and the Guernsey Triathlon Club are not responsible for injuries, loss or damage of personal items whilst on the event premises.
